

Red Hat AI skills path

Key benefits of Red Hat training¹

- ▶ 25% to 50% more efficient in completing day-to-day IT tasks
- ▶ 20% reduction in tickets generated, and a 32% reduction in time to remediate tickets
- ▶ Increased rate of effectiveness for new hires from 50% to 77%

"We have a much tighter structure because we rely on Red Hat-trained staff. Our environment is better planned, implemented, and managed because of the level of expertise that comes from being professionally trained. We are more secure, more predictable, and get more bang for our buck because we invest in training."¹
